

IX·PRESS

your monthly IXcellerate news & updates

No. 2 | May 2020

Dear customers, partners and friends!

From the pages of this newsletter, I am delighted to welcome you as the new Managing Director of IXcellerate Russia. There are those amongst you, I have known for a long time, and some of you I have been fortunate to meet in person this year; for those of you who I have yet to meet, I am very much looking forward to our paths crossing in the future.

With that said, I would like, once again to take this opportunity to assure you that in this challenging global climate, IXcellerate's growth and ambitions remain unchanged. Delivering these targets in the current circumstances is a great responsibility, however with the expertise and experience of our Team here in Moscow, as well as successful collaborations with both domestic and international players in the digital infrastructure market, I firmly believe in our success.

We continue to take all the necessary measures to prevent the spread of COVID-19, whilst maintaining all our services and facilities at optimal levels. By closely monitoring the situation with the recommendations of the Moscow government, we are ensuring the health and safety of our team. All the scheduled works, client deliveries and installations are being carried out as usual, and the campus itself is growing: we are modernising our current engineering systems and introducing additional power and cooling capacities.

Of course it is not all about the machinery and operational routines. Embracing social responsibility is one of our priorities, we have joined the charity campaign "Provyomsyal", to help medical workers whose daily life is about saving thousands of Russian lives and we are proud to be part of their continuing help and effort.

Please stay safe, and I look forward to meeting you in the future.

Best Wishes,
Konstantin Borman

COVID-19 policies and prevention measures update

In accordance with the decision of the Mayor of Moscow dated from May 27, 2020, as well as in alignment with previous decisions of the IXcellerate's management, we are extending our current COVID-19 policies until June 14, 2020. Read more on <https://ixcellerate.com/covid-19>.

Russian DC Market in 2020: IXcellerate is officially #2.

In late April, the Russian independent analytics agency iKS-Consulting has published the market report, listing the largest (in rack-space capacity) Russian data centers in 2019. The top position is held by Rostelekom (11 497 racks). "The runner-up is IXcellerate (3315 racks), which commissioned a new 1480-rack data hall in October 2019, rising from #5 in 2018 and now owning 7.5% of market share", says the outlet. The rating is available in Russian language on <http://www.iksconsulting.ru>.

Expert opinion - IXcellerate

Keeping up & running during the lockdown.

Konstantin Borman talks about how IXcellerate ensures operational continuity in the times of global pandemic. Full text in Russian is published at the iksmedia.ru.

Russian internet sovereignty: a new norm of sovereign state.

Guy Willner shares his viewpoint about Internet sovereignty in Russia. Read the full article on: <https://www.rbcc.com>.

Engineering infrastructure upgrades

Power consumption at our campus is constantly increasing. To satisfy the growth, we have installed four new 2500 KV Caterpillar diesel generators, as well as four 1200 KV energy modules by Vertiv. More upgrades are coming!

We welcome new IXcellerate resident!

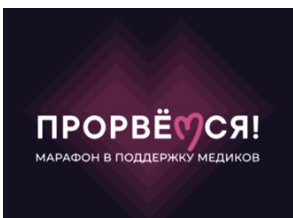

[Mediascope](#), leading media research company in Russia, is one of our new customers! Welcome!

Mediascope has already installed its Big Data platform and IT-infrastructure, setting up direct cross-connections to Sbercloud and Huawei cloud, as well as to Mastertel optical backbone.

IXcellerate partners up with Kinder MBA online

IXcellerate has once again become a partner of the annual conference "GLOBAL SCHOOL BUSINESS PROJECT AWARD", organized by KinderMBA and the Economics Faculty of the Moscow State University on May 16-23. The event was held online with over 150 schoolchildren from grades 5-11 attending and presenting their business projects.

We were judging! Read more on <https://ixcellerate.com>.

IXcellerate supports Russian medical workers

IXcellerate has joined the charity marathon "Prorvyomysya!" ("breakthrough") to support Russian medical workers, who are fighting for the lives of thousands people on a daily basis today and who are lacking necessary protective equipment. We considered it our duty to step in and donate to the SOZIDANIYE charity foundation. More details on www.ixcellerate.com.

IXcellerate events

We are joining DataCloud Global BORDERLESS conference on 2-4 June 2020.

Guy Willner, co-founder and CEO of IXcellerate, will speaking on **June 3, 2 PM** at the Global Datacentre Leaders Roundtable. The event is free and will be held online.

To register, please visit events.broad-group.com
