

IXcellerate data centers

10 Years in Russia

TOP COLOCATION PROVIDER IN RUSSIA

IXcellerate offers world-class data center facilities and outstanding connectivity level in Russia to cater to both local enterprises and global corporations from multiple industries. The company ensures 24x7 operational continuity and easy-to-access services.

LOCATIONS AND DATA CENTERS

Located within Moscow metro area, IXcellerate North and South data center campuses feature three operational facilities and two under development. The company has set out to build several more data centers in the coming years to offer exceptional capacity to an even broader customer base.

UNLIMITED SCALABILITY & GROWTH

IXcellerate is enabling digitalization in Russia through unrivaled scalability and growth opportunities. Our every customer can grow across both campuses and scale its footprint for a decade ahead. Our mission is to provide facilities and services that are both ultra-powerful and sustainable in the long-term, while ensuring that our clients continue to benefit from our reliable engineering infrastructure, ESG practices and outstanding service levels.

CARRIER & CLOUD NEUTRAL

We are a pure colocation provider, with no affinity to any **50+ telecom** and **30+ cloud** providers present onsite.

PREMIUM CUSTOMER SERVICE

Our service availability is **99.999%** with 24/7/365 bilingual customer support and 15 minutes of guaranteed ticket response time.

100%
availability

170+ ASNs

Over 2 Tbits
of connected capacities

INTERNATIONAL ECOSYSTEM OF CUSTOMERS AND PARTNERS

IXcellerate is a home for hypercloud in Russia. Its expanding customer base includes over 150 international and Russian companies.

SUSTAINABLE INFRASTRUCTURE

IXcellerate data centers are designed to accommodate IT infrastructure with the Tier III reliability level. Our environmental-conscious approach in design and construction incorporates sustainable engineering solutions to help reduce the carbon footprint and total cost of ownership, guaranteeing one of the best PUEs in Russia.

TEAM

IXcellerate team has many years of international experience in the development of data centers and telecommunications. Founded by Guy Willner and Cliff Gauntlett in 2011, our company has grown from a start-up into one of the most successful and recognizable commercial data center operators in Russia.
